SPECIAL DATA AND ANALYTICS LEADERS BREAKFAST WITH EXL

Breakfast
In proud association with

EXL

ROUNDTABLE Q1

How has your organisation approached building its data foundations and what does that mean in terms of being able to implement advanced analytics and driving business impact?

ROUNDTABLE Q2

How has the move to Cloud supported your own strategic programs for data analytics?

ROUNDTABLE Q3

How do you maintain control of organisational data quality and governance while simultaneously allowing for more self-serve and empowering users to use data analytics effectively?
